Cyber Shack EP 07_04 - 12 Mar 2007

If you missed some pricing details in the show or you'd like some extra information - here's some details about what was featured in this week's show.

Cyber Clash

In this week's *Cyber Clash*, we check out the new tennis game called [Virtua Tennis 3](#). Originally launched as an arcade title, Virtua Tennis is available for the PS3, Xbox 360, PSP and PC.

Erin teamed up with [Sam Stosur](#) to learn about some of the shots used in tennis and how they can be used effectively to win matches. After a quick hit-out, Erin and Sam then teamed up to take on fellow Cyber Shackers, Mike and Charlie, in a classic male vs female battle.

T3's Most Wanted

Each week on *CyberShack* we look at [T3 Magazine's](#) top three gadgets.

- [Power-Stilts](#)
- [ASUS R2H UMPC](#)

Inspect-A-Gadget

Notebooks, or laptops as they are more affectionately known, are an integral part of people's lives. Whether they're used in the office, school, home or out on the road, they're an important tool used to record information on the fly.

Whatever your purpose for a notebook, this week we highlight some of the add-ons and peripherals used to enhance your notebook's functionality.

- [ASUS Lamborghini VX1](#)- RRP \$4199
- [BOSE Companion 5 multimedia speakers](#)- RRP \$599
- [Logitech MX Revolution](#)- RRP \$179.95
- [Microsoft Wireless Notebook Presenter 8000](#)- RRP \$149.95
- [SmarThumb software](#)- USD\$9.90
- [D-Link AirPlus High-Speed pocket router](#)- RRP \$129.95
- [Laser 52-in-1 multimedia card reader/writer](#)- RRP \$29.95
- [Microsoft LifeCam NX-6000](#)- RRP \$179.95
- [Targus Women's collection](#)- Red Croc RRP \$129.95, Koskin case RRP \$119.95

Celebrity Shack

Mike spoke to teenager Skye Bortoli this week, a vocal youngster against the destruction of whale species. Skye setup a initiative, [Teens Against Whaling](#), and is hoping to travel to Alaska shortly to demand action from the International Whaling Commission. Good luck Skye!

Cyber Bid

If you were a fan of the Teenage Mutant Ninja Turtles (TMNT) back when they first came onto the scene, here's a chance to win some new prizes to celebrate the latest CGI release. For our unique auction, head to the [Cyber Bid](#) section for more info.

Charlie and the Gadget Factory

Once again, Charlie heads to Microsoft HQ to discuss some of the new features you may not know about with Windows Vista.

[Windows Photo Gallery](#) is a new tool for acquiring, organising and collating your photos in a totally new fashion to previous versions of Windows. With basic editing functions, tagging on individual images to make searching easier and creating slide shows are great way to savour your digital memories.

Cyber Hit

[Jade Empire: Special Edition](#) is this week's *Cyber Hit* and Charlie explores some of the new features with this release on PC.

Developed by [Bioware](#), Jade Empire: Special Edition is based in a mythical setting inspired by ancient China, and allows the player to progress through an adventure based on traditional martial arts. New monsters, new high level weapons, and an improved AI are just some of the new features over the original Xbox release.
